

SCHEDULE OF FEES & SERVICE CHARGES

Effective 08/20/2011

FEES & SERVICE CHARGE POLICY

Unified People's Federal Credit Union charges fees for two purposes. The first is to recover costs involved in providing services. These fees will be charged to members receiving benefit from specific services. The second reason is to discourage certain activities which could be detrimental to the member's or the membership's financial well being.

Fees and service charges are determined by management and approved by the Board of Directors.
